

International SIM Service

DV02's International SIM Service provides voice and data solutions with local airtime for both short and long term business. We can provide local airtime with our global network partners in over 35 countries across the world.

Our international Data SIMs allow you to use data just like you would at home without the large costs normally associated with roaming. Email, browse the web, message and call using apps such as WhatsApp, Facebook Messenger, FaceTime, iMessage and Skype, plus find your way with Google Maps.

Features

- Superfast 4G/3G data speeds
- Large choice of data bundles
- Secure network connection
- Cost effective data roaming
- Optional MiFi: Connect up to 10 WiFi enabled device, smartphones, laptops and tablets.

International SIM Service On Demand

Regain complete control over employees' data roaming usage with DV02's International SIM Service On Demand. Benefit from our secure service to activate and deactivate bundles over the air and respond rapidly to changing travel plans.

International SIM Service On Demand removes the need to wait for SIM delivery, cutting activation time to activate data plans as and when needed. Instantly activate large data bundles at a low cost, monitor usage on every SIM and receive alerts as bundle limits are approached.

Features:

- Instant availability - activate SIMs on demand over the air
- Worldwide coverage: 98+ countries
- Central pool of SIM & MiFi devices provided - only pay for what you activate and use
- Connect multiple devices using a MiFi
- Monitor individual's usage - receive high usage alerts

Benefits:

- Gives businesses complete control
- Cheaper rates - easily renewable bundles
- Eliminates multiple shipping costs
- Reduces data roaming costs and helps avoid over usage
- Re-assign SIMs to users at any time
- Includes barring function to protect against theft and loss

Wherever you are travelling, Our global network coverage and range of SIMs and data give you the cheapest way to call back to the UK whilst travelling abroad.
